

Dear Hiring Manager,

I am writing to express my interest in the internship opportunity at <<Company>> for the upcoming field attachment period between 18th June, 2023 and 20th August, 2023. My name is Miracle Timothy, and I am a second-year student on the Bachelor of Information Systems and Technology Programme at Makerere University.

As a student in the program, I have acquired technical skills in systems analysis and design, data and information management, structured programming in C, object-oriented programming in Java, Javascript, web development in HTML, CSS, PHP, SQL, and Javascript. I have also completed several personal projects that have given me practical experience in applying these skills.

I am interested in an internship at <<Company>> because I believe that it will provide me with valuable real-world experience in the <<Activity Done By Company>> industry and how technology can be used to streamline operations and improve decision-making processes. I am confident that the knowledge and skills I have gained during my studies will enable me to make a positive contribution to <<Company>>.

I am aware that <<Company>> will be assessed on my participation during the internship, and I am committed to working hard and abiding by the rules and regulations of the organization. Additionally, I am aware that I will be required to submit a written report to the department and the organization, which will allow me to critically reflect on how the theory and practicals covered in class are applied in real-life work situations.

I would be grateful for the opportunity to discuss my application further with you and to learn more about <<Company>>. Thank you for considering my application, and I look forward to hearing from you soon.

Yours sincerely,

Miracle Timothy
